Sir,

I need not bring to the notice of Government the useful work the Hospital has been doing to this City during the last 20 years.
The popularity of the Institution can be judged by the large number of In and out patients attended to in the Institution year after year.
The total number of In and out patients treated last year was 2436 & 39718 respectively.
Upto 1892 the Institute was under the direct management of Government and since then the Government has been helping the Institute in various ways. One of the Concession allowed to the Institute was, the permission to take supplies of Medicines or Instruments from the Govt Medical Stores whenever necessary on payment of Cost. But of late this concession appears for

Major H.E.Drake-Brockman I.M.S.,
Offg.Senior Surgeon and Sany Commr
Mysore Government, Bangalore.

Sir,

With reference to your No.3405 dated 23rd November 1906 forwarding for compliance General Secretary's No.3918/Md F.133-06-2 dated 14th November 1906 anent the supply of Medicines to the St: Marthas Hospital, I have the honour to inform that, as far as can be ascertained from the records available in this --- office, Medicines were supplied from the Medical Stores to the St: Martha's Hospital on payment from the year 1896 and the amount credited to Government andthat no authority forthis procedure is traceable.

In April 1903, owing to the heavy strain on the Medical Stores, the late Senior Surgeon Col: P.H.Benson requested the Lady Superior of St: Martha's Hospital in this office No.1548-52 dated 15/17-4-1903-04 to send in her Indent.,for Medicines for 1903-04 and at the same time informed her that the Indent would be forwarded to Messrs Ferris & Co., Bristol, for compliance and the bill on receipt sent to her for payment to them direct

In

In reply the Medical officer of St: artha s Hos pital intimated verbally that their Indent would be sent home directly by them.

Since then no Indents for the supply of Medicines to the St: Martha's Hospital have been received.

If Government desire that the Medical Stores --- should revert to the original practice, the Budget allotment will have to be increased by Rs.1000/- though it may pointed out that there would be no advantage to either party, while it would increase the work at the Stores which is already over worked.
